

Waste Management Public Consultation Comments

At a Special Council Meeting that was dedicated to waste management initiatives for the Township that was held on May 22, 2025, the Council for the Township of Billings gave first reading to the DRAFT Waste Management bylaw. This bylaw repeals bylaw 2013-45 and provides guidance and provisions for waste management activities within the Township.

As waste management affects all the residents and businesses in the Township, Council requested and agreed that there will be a 30-day public consultation period for the residents and business owners to provide comment regarding the bylaw. This period runs from June 1, 2025, to June 30, 2025. The Township values constructive and positive input from the residents of the Township and will review all comments provided to assist in gauging public opinion of the provisions of the bylaw.

Copies of the bylaw will be available at the at the Township Office and on the Township website under the Waste Management and Recycling page with all comments being presented in writing or via email to bylaw@billingstwp.ca. All comments must have the residents name and contact information included.

The Township values constructive and positive input from the residents of the Township and will review all comments provided to assist in gauging public opinion of the provisions of the bylaw.
